GENERAL INFORMATION  
-----

INTRODUCTION

This Proxy Statement/Prospectus is furnished in connection with the solicitation by the Board of Directors of American States Water Company (the "Company") of proxies to be voted at the Annual Meeting of Shareholders of the Company (the "Annual Meeting") and any adjournments thereof. This statement and the accompanying proxy are being sent to shareholders on or about April 7, 2003.

At the Annual Meeting, shareholders will be asked to elect four Class II directors to serve until the Annual Meeting of Shareholders held in 2004 and until their successors are elected and qualified.

Shareholders will also be asked to approve certain amendments to the Company's 2000 Stock Incentive Plan, to approve an increase in authorized New Preferred Shares and to eliminate certain restrictions on the Company's Common Shares for the benefit of holders of the Company's Preferred Shares that have been redeemed.

SOLICITATION OF PROXY AND REVOCABILITY; VOTING SECURITIES  
-----

DATE, TIME AND PLACE OF ANNUAL MEETING

The Annual Meeting will be held on May 20, 2003 at 10:00 a.m., Pacific Time at the Hilton Pasadena, 168 South Los Robles Avenue, Pasadena, California.

RECORD DATE AND VOTING RIGHTS

Only holders of record of the Company's voting securities at the close of business on March 27, 2003 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting. At the Record Date, the Company had 15,180,835 Common Shares outstanding. Each Common Share is entitled to one-tenth of a vote.

Votes cast by proxy or in person at the Annual Meeting will be counted by an inspector of election appointed by the Board of Directors to act as an election inspector for the Annual Meeting. Shares represented by proxies that reflect abstentions will be treated as present and entitled to vote for purposes of determining the presence of a quorum. Abstentions, however, will not constitute a vote "for" or "against" any matter.

The inspector of election will treat shares referred to as "broker non-votes" (i.e., shares held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote and as to which the broker has physically indicated on the proxy that the broker or nominee does not have discretionary power to vote on a particular matter) as shares that are present and entitled to vote for purposes of determining the presence of a quorum. However, for purposes of determining the outcome of any matter as to which the broker has physically indicated on the proxy that it does not have discretionary authority to vote, those shares will be treated as not present and not entitled to vote with respect to that matter (even though those shares are considered present for quorum purposes and may be entitled to vote on other matters). Any

unmarked proxies, including those submitted by brokers or nominees, will be voted as indicated in the accompanying proxy card.

In the election of directors, the candidates for election receiving the highest number of affirmative votes of the shares entitled to be voted for them, up to the number of directors to be elected, will be elected. Votes cast against a candidate or votes withheld will have no legal effect. No shareholder will be entitled to cumulate votes (i.e., cast for any candidate a number of votes greater than one-tenth of the number of Common Shares held of record by such shareholder) unless such candidate's name has been placed in nomination prior to the voting and the shareholder has given notice at the meeting, prior to the voting, of the shareholder's intention to cumulate the shareholder's votes. If any one shareholder has given such notice, all shareholders may cumulate their votes for candidates who have been nominated. If voting for directors is conducted by cumulative voting, each share will be entitled to the number of votes equal to the number of directors authorized times the number of votes to which such share is otherwise entitled, which votes may be cast for a single candidate or may be distributed among two or more candidates in whatever proportion the shareholder may desire. The accompanying proxy card will grant the named proxies discretionary authority to vote cumulatively, if cumulative voting applies. In such event, unless otherwise instructed, the named proxies intend to vote equally FOR each of the three candidates for the office of director; provided, however, that if sufficient numbers of the Company's shareholders exercise cumulative voting rights to elect one or more candidates, the named proxies will determine the number of directors they are entitled to elect, select such number from among the named candidates, cumulate their votes, and cast their votes for each candidate among the number they are entitled to elect. If voting is not conducted by cumulative voting, each Common Share will be entitled to one-tenth of one vote, and shareholders having a majority of the voting power exercised at the meeting will be able to elect all of the directors if they choose to do so. In that event, the other shareholders will be unable to elect any director or directors.

A majority of the Company's Common Shares present at the meeting in person or by proxy must vote in favor of the proposed amendments to the Company's 2000 Stock Incentive Plan in order for these amendments to become effective. A majority of the Company's outstanding Common Shares must vote in favor of an increase in the authorized amount of the Company's New Preferred Shares and the elimination of certain restrictions on the Company's Common Shares for the benefit of holders of the Company's Preferred Shares which have been redeemed, in order for each of these proposals to become effective.

Assuming the presence of a quorum, the shareholders present at the meeting may continue to do business until adjournment, notwithstanding the withdrawal of shareholders holding sufficient voting power to leave less than a quorum, if any action taken (other than adjournment) is approved by at least a majority of the voting power required to constitute a quorum by the requisite vote.

#### VOTING BY PROXY

Regardless of whether or not shareholders plan to attend the meeting in person, all shareholders of the Company are urged to use the enclosed proxy card to vote their shares. All proxies that are properly executed and returned, unless revoked, will be voted at the Annual Meeting in accordance with the instructions indicated thereon or, if no direction is indicated FOR the election of the Board's nominees as directors and FOR each of the proposals. The execution of a proxy will not affect the right to attend the Annual Meeting and vote in person. A person who has given a proxy may revoke it at any time before it is exercised at the Annual Meeting by filing with the Company a written notice of revocation of a proxy bearing a later date or

by attendance at the Annual Meeting and voting in person (or presenting at the meeting such written notice of the revocation of the proxy). Attendance at the Annual Meeting will not, by itself, revoke a proxy. The proxies may also be voted for a substitute nominee or nominees in the event any one or more of the director nominees named under "Item 1--Election of Directors" will be unable to serve for any reason or be withdrawn from nomination, a contingency not now anticipated. Shares for which duly executed proxies are received will be voted according to the Board's best judgment upon such matters as may properly come before the Annual Meeting or any adjournment thereof.

#### VOTING BY MAIL

Shareholders may sign, date and return their proxy forms in the pre-addressed, postage-paid envelope provided.

#### VOTING BY TELEPHONE

You may vote by proxy using the toll-free telephone number listed on the proxy form.

The telephone voting procedures are designed to verify your vote using the Control Number that is provided on each proxy form. Please see your proxy form for specific instructions.

Shareholders whose shares are held through a brokerage firm, bank or other holder of record may vote by telephone only if the holder of record (broker, bank or other holder of record) offers those options.

#### VOTING BY INTERNET

You may vote by proxy using the Internet. The Internet address is [www.proxyvote.com](http://www.proxyvote.com) and is also listed on the proxy form. The Internet voting procedures are designed to verify your vote using the Control Number that is provided on each proxy form. Please see your proxy form for specific instructions.

Shareholders whose shares are held through a brokerage firm, bank or other holder of record may vote by Internet only if the holder of record (broker, bank or other holder of record) offers those options.

#### ADJOURNMENTS

The Annual Meeting may be adjourned, even if a quorum is not present, by a majority of the votes of shareholders represented at the Annual Meeting in person or by proxy. In the absence of a quorum at the Meeting, no other business may be transacted at the Meeting.

Notice of the adjournment of a meeting need not be given if the time and place thereof are announced at the meeting at which the adjournment is taken, provided that if the adjournment is for more than 45 days, or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting must also be given. Any business may be transacted at an adjourned meeting, which might have been transacted at the original meeting.

#### SOLICITATION OF PROXIES

The accompanying proxy relating to the meeting is being solicited by the Board of Directors of the Company for use at the Annual Meeting.

The Company will bear the entire cost of preparing, assembling, printing and mailing proxy statements, the proxies and any additional materials, which may be furnished by the Board to shareholders. The solicitation of proxies will be made by the use of the U.S. postal service and may also be made by telephone, or personally, by directors, officers and regular employees of the Company who will receive no extra compensation for such services.

In addition, the Company has retained Morrow & Co., a proxy distribution and solicitation firm, to assist in the distribution and solicitation of proxies for shares held in the names of banks, brokers and other nominees, for a fee of \$10,000 plus reimbursement of reasonable out-of-pocket expenses.

PROPOSAL ONE  
ELECTION OF CLASS I DIRECTORS

---

The Company's Articles of Incorporation provide that classification of the Board will apply to every election of directors for so long as at least six directors are authorized under the Company's Bylaws and the Company's Common Shares are listed on the New York Stock Exchange. The Company's Bylaws provide that the Board of Directors shall consist of not less than five and not more than nine directors, with the exact number of directors currently set at seven. So long as the Board continues to consist of at least six, but less than nine and the Company's Common Shares are listed on the New York Stock Exchange, directors will serve for a term of two years, and one-half of the directors (or as near to one-half as practicable) will be elected each year.

Under the Company's Bylaws, the Board of Directors could increase the authorized number of directors to up to nine without obtaining shareholder approval. In the event that the number of directors increases during any period that the Company's Common Shares are listed on the New York Stock Exchange, the increase will be apportioned by the Board between the classes of directors to make each class as nearly equal as possible. If the number of authorized directors is increased to at least nine during any period that the Company's Common Shares are listed on the New York Stock Exchange, the directors will be apportioned by the Board among three classes, each consisting of one-third of the directors or as close an approximation as possible, directors will serve for a term of three years, and one-third of the directors (or as near to one-third as practicable) will be elected each year. If the number of authorized directors is decreased to less than five, then the Board will cease to be classified, provided the decrease in the number of directors cannot shorten the term of any incumbent director. Vacancies in the Board, except those existing as a result of a removal of a director, may be filled by a majority of the remaining directors, though less than a quorum, or by a sole remaining director, and each director so elected will hold office until the next annual meeting and until such director's successor has been elected and qualified. The Company's shareholders may elect a director or directors at any time to fill any vacancy or vacancies not filled by the directors.

Pursuant to California law, members of the Board of Directors may be removed by the Board of Directors for cause (defined to be a felony conviction or court declaration of unsound mind), by the shareholders without cause or by court order for fraudulent or dishonest acts or gross abuse of authority or discretion. Generally, no director may be removed by the shareholders if the votes cast against such removal (or, if done by written consent, the votes eligible to be cast by the non-consenting shareholders) would have been sufficient to elect such director if voted cumulatively at an election at which the same total number of votes were cast (or, if the action is taken by written consent, all shares entitled to vote were voted) and the entire number of directors authorized at the time of the director's most recent election were then being elected (the "Relevant Number of Directors"). The Relevant Number of Directors, in the case of classified boards, is the greater of (i) the number of directors elected at the most recent annual meeting of shareholders and (ii) the number sought to be removed.

Three directors have been nominated for election as Class I directors for a two-year term expiring at the end of the Annual Meeting of Shareholders in 2005, or until their successors are elected and qualified. The terms of the remaining directors will continue as indicated below. The ages of the directors reported below are as of May 20, 2003.

The aggregate amount of such perquisites received by each named officer, in the case of any such named officer, does not exceed 10% of the total annual salary of such officer.
- (2) The Company had a Key Executive Long-Term Incentive Plan (LTIP), the provisions of which became effective January 1, 1995. Under the LTIP, benefits were paid in the year following the end of a three-year performance cycle. The LTIP was terminated in May 2000 with the approval of the 2000 Stock Incentive Plan. With termination of the LTIP, benefits accrued under the 1997-1999 performance cycle and benefits accrued under the partially completed 1998-2000 and 1999-2001 performance cycles then pending under the LTIP were paid out at that time. The accrued benefits paid under the one completed three-year performance cycle and the two partially completed performance cycles were paid in Common Shares of the Company. The shares vest equally over a three-year period. There will be no future payments made under the LTIP.
- (3) The 2000 Stock Incentive Plan (the "2000 Plan") was approved at the 2000 Annual Meeting. The purpose of the 2000 Plan is to provide stock-based incentives as a means of promoting the success of the Company by attracting, retaining and aligning the interests of employees (including officers) with those of shareholders generally.
- (4) The Company adopted an Annual Incentive Plan (AIP) for executive officers and managers in 2000. Payouts under the AIP, which are made in cash or restricted stock pursuant to the provisions of the AIP, are based on the prior year's operating results. All amounts paid in 2000, 2001, and 2002 were paid in cash. Restricted stock awards under the AIP will be granted under the 2000 Plan.
- (5) Includes payment by the Company of the premium on business travel and accident policy of \$99 per person per year for 2000, \$86 for 2001, and \$85 in 2002; payment by the Company of the premium for group life insurance of \$168 per person for 2000, \$190 for 2001 and \$168 for 2002. The balance represents the Company's matching contribution to the 401(k) Plan for the benefit of each named officer. Excludes restricted stock award of 1,050 shares granted to Mr. Wicks in April 2002, subject to shareholder approval of the proposed amendments to the 2000 Plan, and payment under the dividend equivalent rights associated therewith.

## ANNUAL INCENTIVE PLAN

The Company has adopted an Annual Incentive Plan ("AIP") for executive officers and managers of the Company ("Eligible Participants"). The purpose of the AIP is to compensate Eligible Participants of the Company for increasing shareholder value and supporting future growth of the Company. Under the terms of the AIP, awards may be granted annually to an Eligible Participant in accordance with the terms of the AIP. If an award is granted to an Eligible Participant, a target award will be established for that Eligible Participant by the Compensation Committee based upon a percentage of that Eligible Participant's wages, exclusive of overtime and bonuses, for the preceding calendar year. The target award to be paid to that Eligible Participant may be adjusted by (i) a factor reflecting the Company's financial performance for the preceding calendar year and (ii) a factor reflecting certain strategic performance initiatives for the preceding calendar year, both of which would be multiplied times the target award for that Eligible Participant. The financial performance component is based on the Company's actual return on rate base as a percentage of authorized return on rate base, less a maintenance adjustment, if maintenance costs are significantly less than estimated for rate base purposes. The strategic adjustment factor is based upon achieving certain strategic goals established by the Compensation Committee.

The Compensation Committee established the financial performance component for the year 2002 based on a schedule ranging from a financial performance percentage of 125% if the actual return on rate base was more than 105% of authorized return on rate base to 0% if the actual return on rate base was less than 94%. The Compensation Committee established the strategic adjustment component for the year 2002 on the basis of a schedule ranging from 25% if there was an increase in Company operating revenues as a result of acquisitions of more than 33% to 0% if there was an increase in Company operating revenues as a result of acquisitions of less than 10%.

Under the terms of the AIP, the Company's external auditors for the year in which the awards were granted will pay awards after completion of a review of the award calculations. If the awards are less than 20% of the Eligible Participant's annual wages, the award will be paid in cash. If the awards are 20% or more of the Eligible Participant's annual wages, the awards may be paid in restricted stock pursuant to the terms of the 2000 Plan. The restrictions applicable to the restricted stock will lapse in a series of three successive annual installments commencing on the first anniversary date after the end of the plan year for which the award was granted unless the Compensation Committee provides otherwise. Payment of the award under the AIP will be accelerated upon a change in control of the Company, as defined in the 2000 Plan.

Based on the performance measurements in the AIP for the year ended December 31, 2002, the Compensation Committee did not approve any awards.

KEY EXECUTIVE LONG-TERM INCENTIVE PLAN

The Company implemented a Key Executive Long Term Incentive Plan effective as of January 1, 1995 (see footnote (2) to the Executive Compensation Table). With the approval of the 2000 Plan in March 2000, the LTIP was terminated. All accrued benefits for the completed 1997-1999 Performance Cycle and the partially completed 1998-2000 Performance Cycle and 1999-2001 Performance Cycle were paid out in 2000 in Common Shares of the Company, subject to vesting.

- (1) The Black-Scholes option-pricing model was used to estimate the grant date present value of the options. Assumptions for options granted are as follows: 28.14% volatility; risk free rate of return of 4.30% based on ten-year U.S. Treasury securities; dividend yield 6.01% and an estimated period to exercise of 10 years.
- (2) One-third of the stock options granted to the named executive become exercisable on each of the first three anniversaries of the grant date, but may be exercised earlier if there is a change in control of the Company as defined under "Employment Contracts, Termination and Change-In-Control Arrangements" below. The Company has not granted any stock appreciation rights or other types of awards in 2002. No options were exercised by an executive officer in 2002.
- (3) These values are neither predictions nor indications of what the Company believes the market value of its Common Shares will be. The ultimate values of the options will depend on the future market prices of the Common Shares, which cannot be forecasted with reasonable accuracy. The actual value, if any that an optionee will recognize on exercise of an option will depend on the difference between the market value of the Common Shares on the date the option is exercised and the applicable exercise price.

OPTION EXERCISES AND HOLDINGS

The following table sets forth information concerning the aggregate value of exercised and unexercised options held by the executive officers of the Company. Value at December 31, 2002 is measured as the difference between the exercise price and fair market value on December 31, 2002.

EMPLOYMENT CONTRACTS, TERMINATION AND CHANGE-IN-CONTROL ARRANGEMENTS

The Company is an at-will employer and none of the executive officers has an employment contract with the Company. Each of the executive officers of the Company is a party to a change in control agreement which provides for certain benefits in the event of a change in control of the Company if the executive officer's employment with the Company or Southern California Water Company is terminated other than for cause or disability or the executive terminates employment for good reason. A change in control under these agreements will generally include (i) an acquisition by certain persons of more than 50% of the voting securities of the Company or Southern California Water Company, (ii) certain changes in a majority of the Board of Directors of the Company or Southern California Water Company, (iii) certain dissolutions or liquidations of the Company or Southern California Water Company, or (iv) certain mergers or consolidations or sales of all or substantially all of the assets of the Company or Southern California Water Company, in any case involving more than a 50% change in ownership. An executive may terminate his or her employment for good reason if the executive is assigned duties inconsistent in any respect with the executive's position or the executive is not re-appointed to the same position following the change in control, the executive's salary or benefits are reduced or the executive is located at an office that increases the distance from the executive's home by more than 35 miles. The executive will be entitled to the following benefits: a cash payment equal to 2.99 times the executive's highest annual base salary during the preceding three years and an amount equal to the difference between the single sum actuarial equivalent of the executive's accrued benefits under the Company's Pension Plan and Pension Restoration Plan and the single sum actuarial equivalent of the executive's accrued benefits under such plans if the executive was credited with two additional years of service at the executive's highest annual rate of compensation during the past three years. Coverage under the Company's health and welfare benefit plans would also be extended to these individuals for a period of 24 months after termination under the circumstances previously described.

PENSION PLAN

Southern California Water Company maintains a noncontributory, defined benefit pension plan. Benefits are determined under a formula applied uniformly to all employees, regardless of position, and amounts depend on length of service at the average of the five highest consecutive years of compensation earned. For purposes of pension calculations, compensation includes salary and all other compensation but excludes the value of personal use of Company vehicles and other perquisites. An employee who terminates employment after having at least five years of service with the Company has a vested interest in the Plan. Annual benefits payable at retirement (at age 65 or beyond) are reduced by a percentage of primary social security benefits based upon years of credited service and are payable monthly. The following table illustrates the estimated annual benefits payable upon retirement for persons in the earnings classifications with years of service as shown, excluding Social Security deductions, for employees in the Southern California Water Company Pension Plan and the Southern California Water Company Pension Restoration Plan.

PENSION PLAN TABLE

The executive officers of the Company in 2002 have the following credited years of service under the pension plan:

Name	Years of Service
Floyd E. Wicks	14
McClellan Harris III	12
Joel A. Dickson	12
Donald K. Saddoris	35
James B. Gallagher	15

The Plan provides a special early retirement option for those employees the sum of whose age and number of years of service equals at least 90.

The Southern California Water Company Pension Restoration Plan supplements retirement benefits payable to certain participants in the Southern California Water Company Pension Plan by making up benefits, which are reduced by virtue of Sections (a)(17) of 415 of the Internal Revenue Code of 1986, as amended.

The Company has a Retirement Plan for Non-Employee Directors (the "Non-Employee

Directors Plan") of the Company. This Non-Employee Directors Plan provides annual benefits to an eligible director in an amount equal to the annual retainer in effect at the director's date of retirement. Benefits are payable in monthly installments for a period equal to the shortest of (a) the period he or she was a director or (b) 10 years. In the case of a director's death, benefits will continue to be received by that director's surviving spouse for the remaining period for which the director would have been entitled to receive benefits except for death. Benefits are payable to directors after the age of 62 and after retirement from the Board, except that a director who ceases to be a director before attaining age 62 because of ill health or death may receive benefits immediately after retirement from the Board, or at such later date as he or she may request. Directors who are "removed for cause" are not eligible for benefits under the Non-Employee Directors Plan. As a condition of participation in the Non-Employee Directors Plan, an eligible director must agree to retire from the Board at the annual shareholders' meeting occurring on or next following such director's 72nd birthday, and to accept nomination as a director if requested by the Board (and to serve if so nominated) for at least 10 years after his or her first election to the Board. The Non-Employee Directors Plan contains change-in-control provisions, which provide for payment of an amount equal to ten years of retainer discounted at 6%. A change in control under the Non-Employee Directors Plan will occur in the same circumstances in which a change in control will occur under the Company's change-in-control arrangements with its executive officers.

## REPORT OF THE COMPENSATION COMMITTEE

-----

The Compensation Committee operates under a written charter adopted by the Board of Directors and is composed of five independent directors - James L. Anderson, Jean E. Auer, N.P. Dodge, Jr., Anne M. Holloway, and Robert F. Kathol. Lloyd E. Ross, Chairman of the Corporation's Board of Directors, is an ex-officio member of the Committee.

The primary responsibility of the Compensation Committee is to review and make recommendations to the Board of Directors as to the appropriate level of compensation for the executive officers of the Company, including the Chief Executive Officer.

### GENERAL PHILOSOPHY

In general, the executive compensation program is designed to reward, motivate and retain the skilled management necessary to achieve the Company's goals of increasing shareholder value and maintaining leadership position within the industry. The Committee has established as its objective the design and implementation of a compensation program for executives that will (i) provide fair, equitable and reasonable compensation, (ii) reward excellent team and individual job performance and abilities, and (iii) attract, retain and motivate talented and experienced executives. In making its recommendations to the Board, the Compensation Committee takes into account the fact that both the California Public Utilities Commission and the Arizona Corporation Commission review executive salaries of regulated public utilities for reasonableness. Moreover, the Committee recognizes that, as a holding company of regulated public utilities, financial performance of the Company is constrained by and dependent upon not only the regulatory process but also a number of other factors beyond the Company's immediate control, such as weather, water quality and water supply. As a result, executive compensation is based on a number of subjective and objective factors beyond the recent financial performance of the Company.

### EXECUTIVE COMPENSATION PROGRAM

In determining individual compensation, the Committee considered the executive officer's duties, the quality of his or her performance of those duties, the importance of the position, the contribution that each individual has made to the Company's overall performance and its strategic positioning for the future. The Committee also considered whether an executive officer's duties have expanded or otherwise materially changed from the previous year, the officer's experience and value to the Company and the extent and frequency of prior adjustments to that officer's salary. The Committee retained outside consultants and executive compensation specialists in evaluating the current compensation program and in implementing any changes. For executives other than the Chief Executive Officer, the Committee also considered recommendations made by the Chief Executive Officer.

Total compensation consists of three components - base salary, short-term incentives in the form of cash bonuses and long-term incentives in the form of stock options. Adjustment to base salaries, after consideration of all relevant factors, allow for annual adjustments and avoid wide fluctuations in compensation from year to year. Salary ranges are set by periodic comparison to rates of pay for comparable positions within the utility industry and individual salaries are adjusted based on external salary levels, individual performance and changes in responsibilities.

The Committee determines executive compensation not only on base salary, but believes that executives should have the opportunity to earn a significant amount of variable pay based on the short and long-term performance of the Company. The Committee

believes that stock-based incentives promote the success of the Company by attracting, motivating, rewarding, retaining and aligning the interests of executive officers with those of shareholders generally, including all forms of compensation, an executive's total annual compensation opportunity is such that at maximum performance levels, base salary plus awards under the Company's existing Annual Incentive Plan (the "AIP") and the 2000 Stock Incentive Plan is intended to yield annual compensation between the 60th and 75th percentiles of compensation for comparable positions at certain identified companies within the utility industry (the "Competitive Target Level"). Long-term incentives are provided through stock-based awards.

During 2002, the AIP was amended to reduce the levels of cash award that could be earned under the provisions of the AIP. As amended, the AIP provides for increased amounts of stock-based awards that can be earned by an executive. All stock-based awards under the AIP will be issued pursuant to the 2000 Stock Incentive Plan. Based on the results reported for 2002, no executive, including Mr. Wicks, earned any awards under the terms of the AIP.

In 2002, the Company approved the issuance of dividend equivalent rights with respect to each stock option granted to an executive officer of the Company. Each holder of a dividend equivalent right is entitled to receive cash in an amount equal to the cash dividend of other cash distribution that would have been payable on the underlying Common Shares if the stock option granted to such holder in 2002 had been exercised. The dividend equivalent right applies to all unexercised stock options granted to such holder in 2002 for a period of three years.

#### CEO COMPENSATION

Floyd E. Wicks has been President and Chief Executive Officer of the Company since 1992. As with the compensation of the Company's other executive officers, the Committee has chosen not to adopt a direct formula approach to determining Mr. Wicks' base salary. Rather, the Committee reviewed a number of objective and subjective measures including the Competitive Target Level for Mr. Wicks' position, the performance of the Company as a whole, his effectiveness in addressing local, industry-wide issues and specific issues facing the Company, business development, the Company's immediate and long-term financial health and the performance of the Company's stock price. After the Committee's deliberations and review, the Committee recommended and the Board of Directors authorized that Mr. Wicks' base salary be established as \$365,000. The Committee determined that, including base salary, maximum payouts under the Annual Incentive Plan and options granted under the Stock Incentive Plan would place Mr. Wicks' total compensation within the Competitive Target Level.

#### SECTION 162(m) LIMITATION

The Committee has reviewed the Company's compensation structure in light of Section 162(m) of the Internal Revenue Code (the "Code") which limits, subject to limited exceptions, the amount of compensation that the Company may deduct from its taxable income for any year to \$1,000,000 for any of its five most highly compensated executives. In 2002, no executive officer's compensation exceeded the limitation set by Section 162(m), and therefore such limitation is presently inapplicable to the Company. The Committee will address this limitation when and if it becomes meaningful.

PROPOSAL TWO  
AMENDMENTS TO THE 2000 STOCK INCENTIVE PLAN

---

The Board of Directors has amended the 2000 Stock Plan, subject to shareholder approval to:

- o increase the maximum aggregate number of Common Shares that may be delivered pursuant to awards to be granted under the 2000 Plan from 375,000 to 750,000 Common Shares ; and
- o increase the maximum number of Common Shares that may be delivered pursuant to awards granted under the 2000 Plan to any one individual in a calendar year from 22,500 to 50,000 Common Shares.

The Board has approved these amendments to the 2000 Plan (the "Amendments") and believes them to be in the best interest of the Company and its shareholders. Members of the Board who are also employees of the Company are eligible to receive Awards under the 2000 Plan and thus have a personal interest in its approval.

The Board of Directors Recommends Shareholders Vote FOR the Amendments to the 2000 Plan.

If the shareholders do not approve the Amendments, the Company will continue to make awards under the 2000 Plan as it was in effect prior to the Amendments, subject to the maximum limitations under the 2000 Plan. As of March 27, 2003, 500,000 Common Shares were available for delivery pursuant to awards to be granted under the 2000 Plan. In 2000, 2001 and 2002, awards for 68,985, 68,985 and 118,275 Common Shares were granted to officers and employees of the Company under the terms of the 2000 Plan. A restricted stock award within the new limits was granted to one senior executive officer, subject to shareholder approval of the Amendments. This grant is described in the "Specific Benefits" section below.

In addition to the Amendments, the Board has also amended the 2000 Plan to require that any amendment to an outstanding award (other than adjustments made in connection with the occurrence of certain corporate events) that results in the reduction of the exercise or purchase price below the exercise or purchase price of the original or prior award shall be subject to prior shareholder approval.

#### Summary Description of the 2000 Plan

The principal terms of the 2000 Plan, as modified by the Amendments and the repricing amendment, are summarized below. The following summary is qualified in its entirety by reference to the full text of the 2000 Plan, as proposed to be amended, which is attached as attachment I to this Proxy Statement. Capitalized terms used but not defined herein have the meanings assigned to them in the 2000 Plan.

**Purpose.** The purpose of the 2000 Plan is to provide stock-based incentives as a means of promoting the success of the Company by attracting, motivating, rewarding, retaining and aligning the interests of employees (including officers) with those of shareholders generally.

**Eligible Employees.** Eligible Employees under the 2000 Plan generally include the employees (including officers) of the Company and its subsidiaries. Awards also may be granted to persons becoming employees in connection with or to facilitate an acquisition by the Company of another entity on terms necessary to preserve the intrinsic value of prior outstanding awards issued by the other entity, or on other terms authorized by the 2000 Plan.

As of March 27, 2003, there were approximately 40 employees and officers of the Company, all of whom are Eligible Employees under the 2000 Plan. The Board retains the power to determine the particular eligible persons to whom Awards will be granted.

Administration. The 2000 Plan is administered by the Board of Directors or one or more committees appointed by the Board (the appropriate acting body is the "Committee"), currently the Compensation Committee. All Awards to Eligible Employees will be authorized by the Board or the Committee (See "Board Committees and Meetings" on page [ ] of this Proxy Statement.) The Committee has broad authority under the 2000 Plan:

- o to select the Participants;
- o to determine the number of shares that are to be subject to Awards and the terms and conditions of such Awards, including the price (if any) to be paid for the shares or the Award and any vesting criteria;
- o to permit the recipient of any Award to pay the exercise or purchase price of the Common Shares or Award in cash, by the delivery of previously owned shares of Common Shares, by notice and third party payment, or, if permitted by applicable law, by a promissory note meeting the requirements contained in the 2000 Plan;
- o to reprice Options, subject to shareholder approval, and amend other option terms, to accelerate the receipt or vesting of benefits and to extend benefits under an Award;
- o to make certain adjustments to an outstanding Award and authorize the conversion, succession or substitution of an Award in connection with certain reorganizations or Change in Control Events (as generally described below under Acceleration of Awards; Possible Early Termination of Awards);
- o to cancel, modify or waive the Company's rights to, or modify, discontinue, suspend or terminate any or all outstanding Awards, subject to any required consents;
- o to accelerate or extend the exercisability or extend the term of any or all outstanding Awards within the maximum 10-year term;
- o to approve the forms of Award Agreements and construe and interpret the 2000 Plan and make all other determinations necessary or advisable for the administration of the 2000 Plan; and
- o to delegate ministerial, non-discretionary functions to individuals who are officers and employees of the Company.

Share Limits. Various share limits are imposed under the 2000 Plan. The maximum number of Common Shares that may be issued under the 2000 Plan may not exceed 750,000 shares of which no more than:

- o 187,500 shares may be subject to Incentive Stock Options;
- o 50,000 shares may be granted as Restricted Stock Awards if their vesting is based solely on the passage of time and/or continued service;
- o 50,000 shares may be issued subject to Options and to all share-based Awards granted to an individual in any calendar year.

Each share limit and Award under the 2000 Plan is subject to adjustment for certain changes in the Company's capital structure, reorganizations and other extraordinary events. Shares subject to Awards that are not paid or exercised before they expire or are terminated are available for future grants under the 2000 Plan.

Securities Underlying Awards. The closing price of the Common Shares as of March 27, 2003 was \$[ ] per share. The Company plans to register under the Securities Act of 1933, as amended, the additional shares available under the 2000 Plan, prior to the time that any shares are issued thereunder.

Types of Awards. The Plan authorizes the grant of Options and Restricted Stock, collectively "Awards." Generally speaking, an Option will expire, and any other Award will vest or be forfeited, not more than 10 years after the date of grant. The Committee determines the applicable vesting schedule for each Award. The Company may authorize settlement of Awards in cash or Common Shares or other Awards, subject to preexisting rights of Participants or commitments evidenced by an Award agreement.

Transfer Restrictions. Subject to customary exceptions, Awards under the 2000 Plan are not transferable by the recipient other than by will or the laws of descent and distribution and are generally exercisable only by the recipient. The Committee, however, may permit certain transfers of an Award if the transferor presents satisfactory evidence that the transfer is for estate and/or tax planning purposes to certain related persons or entities and without consideration (other than nominal consideration).

Stock Options. An Option is the right to purchase Common Shares at a future date at a fixed or variable exercise price (the "Option Price") during a specified term not to exceed 10 years. The Committee must designate each Option granted as either an Incentive Stock Option ("ISO") or a Nonqualified Stock Option ("NQSO").

The Option Price per share will be determined by the Committee at the time of grant, but will not be less than 100% of the fair market value of a Common Share on the date of grant (110% in the case of an ISO granted to a beneficial holder of more than 10% of the total combined voting power of all classes of stock of the Company), except in the context of an acquisition of another entity, as referred to above. ISO tax consequences differ, and ISOs are subject to more restrictive terms by the Internal Revenue Code of 1986, as amended (the Code"), and the 2000 Plan. Full payment for shares purchased on the exercise of any Option and any related taxes must be made at the time of such exercise, in cash, shares already owned, or other lawful consideration, including payment through authorized third party payment procedures.

The Committee may grant one or more Options to any employee (including an officer or director) of the Company or any of its subsidiaries. If the optionee ceases to be employed by the Company, the Committee may determine the effect of a termination of service (including retirement) on the rights and benefits under the Options and in so doing may make distinctions based upon cause of termination.

Restricted Stock Award. A Restricted Stock Award is an award typically for a fixed number of Common Shares which are subject to restrictions ("Restricted Stock"). The Committee specifies the price, if any, or services the recipient must provide for the shares of Restricted Stock, the conditions on vesting (which may include, among others, the passage of time or specified performance objectives or both) and any other restrictions (for example, restrictions on transfer) imposed on the shares. A Restricted Stock Award confers voting as well as any dividend rights prior to vesting.

Restricted Stock Awards granted under the AIP will be granted pursuant to the terms of the 2000 Plan and the terms of the Restricted Stock established by the Committee. (See "Executive Officers, Experience, Security Ownership and Compensation-Annual Incentive Plan" on page [ ] of this Proxy Statement.)

Promissory Notes to Purchase Shares. The 2000 Plan allows the Committee, subject to compliance with applicable law (including, but not limited to, the Sarbanes-Oxley Act of 2002), to authorize acceptance of one or more promissory notes from certain Eligible Employees to finance or facilitate the exercise or receipt of Awards. The principal of the note must not exceed the exercise or purchase price and applicable withholding taxes. The note must be full recourse and secured by the stock purchased, if required by the Committee or by applicable law, but may include favorable (below market) terms as to interest rates or other provisions; however the interest rate cannot be less than the interest rate necessary to avoid the imputation of interest under the Code. The term of any note under the 2000 Plan may not exceed 5 years. The unpaid principal balance of the note will become due and payable no later than the 10th business day after termination of service (including

retirement), unless the Committee otherwise provides.

Adjustments. As is customary in incentive plans of this nature, the number and kind of shares available under the 2000 Plan and the outstanding Awards, as well as exercise or purchase prices and other share limits, are subject to adjustment in the event of certain reorganizations, mergers, combinations, consolidations, recapitalizations, reclassifications, stock splits, stock dividends, asset sales or other similar events, or extraordinary dividends or distributions of property to the Company's shareholders.

The 2000 Plan does not limit the authority of the Board or the Committee to grant Awards or authorize any other compensation, with or without reference to the Common Shares, under any other plan or authority.

Change in Control; Acceleration of Awards; Possible Early Termination of Awards. Upon the occurrence of a Change in Control Event, each Option will become immediately exercisable and Restricted Stock may immediately vest free of restrictions, unless the Committee otherwise provides. Under the 2000 Plan, a Change in Control Event generally includes (subject to certain exceptions):

- o an acquisition by certain persons of more than 50% of the voting securities of the Company;
- o certain changes in a majority of the Board;
- o certain dissolutions or liquidations of the Company; or
- o certain mergers or consolidations or sales of all or substantially all of the Company's assets, in any case involving more than a 50% change in ownership.

In certain circumstances Awards which are fully accelerated and which are not exercised or settled at or prior to a Change in Control Event may be terminated, subject to any provisions for assumption, substitution or settlement. If the vesting of an Award has been accelerated expressly in anticipation of an event or subject to shareholder approval of an event and the Committee or the Board later determines that the event will not occur, the Committee may rescind the effect of the acceleration as to any then outstanding and unexercised or otherwise unvested Awards.

Termination of or Changes to the 2000 Plan and Awards. The Board may amend or terminate the 2000 Plan at any time and in any manner, including a manner that increases, within 2000 Plan aggregate limits, Awards to officers and directors. Unless required by applicable law or the terms of the 2000 Plan, shareholder approval of amendments will not be required. No new Awards may be granted under the 2000 Plan after January 31, 2010, although the applicable plan provisions and authority of the Committee will continue as to any then outstanding Awards. (This authority includes authority to amend outstanding Options or other Awards.) Outstanding Options and other Awards generally may be amended, but the consent of the holder is required if the amendment materially and adversely affects the holder.

#### Federal Income Tax Treatment of Awards under the 2000 Plan

The federal income tax consequences of the 2000 Plan under current federal law are summarized in the following discussion of general tax principles applicable to the 2000 Plan. This summary is not intended to be exhaustive and does not describe state or local tax consequences.

The Company is generally entitled to deduct and the optionee recognizes taxable income in an amount equal to the difference between the Option Price and the fair market value of the shares at the time of exercise of a Non-Qualified Stock Option. With respect to Incentive Stock Options, the Company is generally not entitled to a deduction nor does the optionee recognize income, either at the time of grant or exercise or (provided the optionee holds the shares at least two years after grant and one year after exercise) at any later time. Rather, the optionee receives

capital gains treatment on the difference between his basis and the ultimate sales price.

Restricted Stock is taxed at the time of vesting, (although employees may elect earlier taxation and convert future gains to capital gains). The Company will generally have a corresponding deduction at the time the optionee recognizes income.

If an Award is accelerated under the 2000 Plan in connection with a change in control (as this term is used under the Code), the Company may not be permitted to deduct the portion of the compensation attributable to the acceleration ("parachute payment") in excess of average annual base salary if the parachute payments exceed certain threshold limits under the Code; certain related excise taxes also may be triggered. Furthermore, if compensation attributable to Awards is not "performance-based" within the meaning of Section 162(m) of the Code, the Company may not be permitted to deduct aggregate compensation to certain executive officers that is not performance-based, to the extent it exceeds \$1,000,000 in any tax year.

#### Specific Benefits

On April 29, 2002, the Committee granted a Restricted Stock Award to Floyd E. Wicks, the President and Chief Executive Officer of the Company, subject to shareholder approval of the Amendments. The Restricted Stock Award covered 1,050 (after split) Common Shares, in consideration for services rendered and to be rendered. The Restricted Stock Award will vest in three annual installments on each first, second and third anniversaries of the award date. Additionally, on January 1, 2003, Floyd E. Wicks was granted 4,150 additional share options subject to shareholder approval.

The grant of other Awards under the 2000 Plan in the future and the nature of any such Awards are subject to the Compensation Committee's discretion. Accordingly, the number, amount and type of Awards to be received by or allocated to Eligible Employees under the 2000 Plan in the future cannot be determined as of this time.

#### PROPOSAL THREE INCREASE IN AUTHORIZED NEW PREFERRED SHARES

-----  
The Company is authorized to issue two classes of stock, New Preferred Shares and Common Shares. The number of New Preferred Shares, which the Company is authorized to issue, is 150,000 New Preferred Shares, of which \_\_\_\_ New Preferred Shares were reserved for issuance as Junior Participating Preferred Stock pursuant to the Company's shareholder rights plan at \_\_\_\_, 2003. The Company has no outstanding New Preferred Shares. Under the Company's Amended and Restated Articles of Incorporation (the "Articles"), the Board of Directors has the power to determine the rights, preferences and privileges of any class or series of New Preferred Shares.

The Board of Directors has voted to increase the authorized amount of New Preferred Shares from 150,000 shares to 450,000 shares, subject to approval of a majority of the outstanding Common Shares, in order to enable the Company to issue New Preferred Shares as a means of meeting the Company's capital needs. Preferred stock is a common part of the capital structure of public utilities and public utility holding companies. The amount of the authorized New Preferred Shares is, however, insufficient to enable the Company to issue New Preferred Shares in response to market conditions. The financial terms of preferred stock, such as dividend rate, redemption price, conversion rate, if any, and similar terms are typically determined in negotiations with underwriters the day prior to an offering. It is therefore not practicable to notice a special shareholders' meeting in order

to obtain shareholder approval of a particular offering.

Although the Company does not have any current plans to issue New Preferred Shares, the Company believes that it is in the Company's best interests for the Board of Directors to authorize the issuance of New Preferred Shares upon terms and conditions approved by the Board if the Board determines that it is advantageous for the Company to do so. The Board of Directors therefore recommends that the first paragraph of Article IV of the Articles be amended in its entirety in order to increase the number of authorized New Preferred Shares as follows:

This Corporation is authorized to issue two classes of stock to be designated, respectively, "New Preferred Shares" and "Common Shares". The total number of shares which this Corporation is authorized to issue is 30,450,000; 450,000 shares are to be New Preferred Shares with no par value with a stated value of \$100 per share and an aggregate stated value of \$45,000,000, and 30,000,000 shares are to be Common Shares with no par value with a stated value of \$2.50 per share and an aggregate stated value of \$75,000,000.

The Company's Board of Directors has [unanimously] approved the increase in the authorized number of New Preferred Shares.

The Company's Board of Directors recommends that the Common Shares Vote FOR an increase in the authorized number of New Preferred Shares.

If a majority of the Company's outstanding Common Shares also approves elimination of the concept of stated value, all references to stated value will be eliminated from Article IV of the Articles as described below. For information on the proposal to eliminate the concept of stated value, see Proposals Four, Five and Six, Elimination of Certain Restrictions on Common Shares, Proposal and Elimination of All References to Stated Value. In certain circumstances, the authorization of classes of preferred stock with unspecified voting rights may be used to create voting impediments or to otherwise frustrate persons seeking to effect a merger or otherwise gain control of an issuer. The Company has no intention of using the New Preferred Shares for this purpose. There are also restrictions imposed on the Company by California law and the rules of the New York Stock Exchange (the "NYSE") that would impede the Company's ability to issue New Preferred Shares for this purpose.

Under California law, the Company is prohibited from issuing New Preferred Shares with terms that would require the approval of more than a majority of the New Preferred Shares, voting as a class, without obtaining approval of a majority of the Company's outstanding Common Shares. The NYSE, as a matter of policy, may refuse to list additional Common Shares of the Company if the Company approves unusual voting provisions created to nullify or restrict the voting of a class of stock or the right to veto the action of another class is created. The NYSE is also concerned about the issuance of preferred stock which, by its terms, would vote separately as a class from the common stock on the approval of mergers and acquisitions, unless required by federal or state statute. Neither California law nor the Articles require a class vote for holders of the New Preferred Shares.

Certain provisions of the Company's Articles and Bylaws may delay or make more difficult acquisitions or changes in control of the Company or changes in the management of the Company. For instance, the Articles provide for the classification of the Company's Board of Directors into one, two or three classes (depending upon the number of directors), each consisting of a number of directors as nearly equal as practicable. The Company's Board of Directors currently has two classes. So long as the Board remains classified into two classes, a minimum of two annual meetings of shareholders would

generally be required to replace the entire Board, absent intervening vacancies.

The Articles also provide that certain business combinations and sales of substantially all of the Company's assets must be approved either by the affirmative vote of a majority of its continuing directors or by the affirmative vote of at least two-thirds of the combined voting power of the Company's outstanding shares, voting together as a single class, in addition to any other approvals required by applicable law. In addition, any amendments to the Company's Bylaws relating to the calling of shareholders' meetings, the bringing of business at shareholders' meetings or amending the provisions of the Articles described in this paragraph and the preceding paragraph must be approved by at least two-thirds of the combined voting power of the Company's outstanding shares, voting together as a single class.

Certain provisions of state and federal law may also delay or make more difficult acquisitions or changes in control of the Company. Certain of these provisions are summarized below.

Under California law, if a tender offer or a written proposal for approval of a reorganization of a corporation or a sale of substantially all of its assets is made by an "interested party", the person making the offer must deliver an affirmative opinion to each shareholder in writing as to the fairness of the consideration to be received by the shareholders. The term "interested party" means a person who is a party to the transaction and who:

- o directly or indirectly controls the corporation that is the subject of the tender offer or proposal, or
- o is directly or indirectly controlled by, an officer or director of the corporation, or
- o Is an entity in which any director or executive officer holds a material financial interest.

In addition, no person may acquire or control, either directly or indirectly, any public utility in Arizona or California without prior approval of either the Arizona Corporation Commission ("ACC") or the California Public Utilities Commission ("CPUC"), as applicable. A business combination involving the Company would result in the acquisition of control of both Southern California Water Company, a public utility regulated by the CPUC ("SCWC"), and Chaparral City Water Company, a public utility regulated by the ACC.

No person may acquire, either directly or indirectly, 5% or more of the voting stock of an electric utility (other than by merger), without approval of the Securities and Exchange Commission ("SEC"), if such person owns 5% or more of the stock of another public utility or public utility holding company. A registered public utility holding company may not acquire any security of another electric utility without SEC approval, unless an exemption is available under the Public Utility Holding Company Act of 1935, as amended (the "PUHCA"), or the regulations promulgated thereunder. The SEC may not approve the acquisition of securities of an electric utility or holding company unless it determines that the acquisition would tend toward the economical and efficient development of an integrated public utility system and would not be detrimental to investor interests. The SEC may also condition its approval of the acquisition of the securities of an electric utility upon a fair offer being made for the other securities of the utility. SCW is an electric utility under PUHCA. The company is a holding company under PUHCA.

A person becomes a holding company required to be registered under PUHCA upon acquisition of 10% or more of the voting stock of a holding company or an electric utility, unless the SEC determines that the person does not control the electric utility or an exemption is available. The SEC may condition any such determination upon the

applicant refraining from exercising voting rights, controlling proxies or designating officers or directors.

The Company is exempt from registration as a holding company under PUHCA. The acquisition of the Company by a third party could, however, affect the availability of this exemption. Registered holding companies are subject to extensive regulation by the SEC and limitations on certain of their activities. These limitations may make it impracticable to acquire the Company, unless an exemption is available. The Company also has a shareholder rights plan. If an entity acquires more than 15% of the Company's outstanding voting stock, or in the event of a squeeze-out merger, holders of the rights would be entitled to purchase either the Company's Common Shares or stock in the merged entity at half of market value. The Company is entitled to redeem the rights for a nominal amount at any time until the tenth day following public announcement that a 15% position has been acquired in the Company.

PROPOSALS FOUR, FIVE AND SIX  
ELIMINATION OF CERTAIN RESTRICTIONS ON COMMON SHARES

-----

The Company redeemed all of its outstanding Preferred Shares on April 19, 2002. The Company thereafter amended its Articles to eliminate all rights, preferences and privileges of the Preferred Shares, except for certain restrictions on the Company's Common Shares which may only be eliminated if approved by a majority of the Company's outstanding Common Shares and the Company's Board of Directors. The Company's Board of Directors has [unanimously] voted in favor of elimination of these restrictions.

The Company's Board of Directors recommends that the Common Shares Vote FOR elimination of these restrictions.

There are three restrictions on the Company's Common Shares that were imposed for the benefit of the holders of the Preferred Shares, each of which is described below. A separate vote is required in order to eliminate each of these restrictions.

PROPOSAL FOUR  
INCREASE IN VOTING RIGHTS OF COMMON SHARES

The Company's Common Shares currently have one-tenth of a vote per share. The Company's Preferred Shares, prior to their redemption, had one vote per share. With the redemption of the Preferred Shares, there is no longer any reason for the Company's Common Shares to have only one-tenth of a vote per share.

The Company's Board of Directors therefore recommends that subparagraph (1) of the second paragraph of Article IV of the Articles be amended in its entirety to change the voting rights of the Common Shares to one vote per share from one-tenth of one vote per share as follows:

(1) Subject to the provisions of this Article IV, New Preferred Shares of any particular series shall be entitled to such voting rights, if any, as may be specified for shares of such series in the certificate of determination of preferences of such series filed as provided below. All Common Shares shall be entitled to voting rights on the basis of one vote per share.

PROPOSAL FIVE  
ELIMINATION OF CERTAIN RESTRICTIONS ON PAYMENT OF DIVIDENDS

The Articles currently restrict the Company's ability to declare and pay dividends on its Common Shares, if, after giving effect to the dividend, the Company's Common Equity as of the end of the calendar month preceding the date of the dividend would be less than 25% of the Company's Total Capitalization on that

date, with certain limited exceptions described below. The term "Common Equity", as defined in the Articles, is the sum of the stated value of the Company's Common Shares, capital surplus, earned surplus or paid-in surplus on the Company's Common Shares and the premium, if any on the Company's Common Shares. The term "Total Capitalization", as defined in the Articles, means the sum of the Company's Common Equity, the premium on and the stated value of all outstanding shares of the Company having preferences over the Common Shares as to dividends or assets and the principal amount of all outstanding debt maturing more than 12 months after the date of the declaration or payment of the dividend, less all organizational expenses.

These restrictions do not apply to dividends payable in shares of the Company or to any reclassification, subdivision, split-up or combination of Common Shares, including any transfer between the Company's capital and surplus accounts in connection with any such reclassification, subdivision, split-up or combination. In addition, notwithstanding the restrictions described above, the Articles permit the Company to declare dividends on its Common Shares in either of the following two circumstances:

(1) the Company's Common Equity is not less than 20% of Total Capitalization and the amount of the dividends payable on the Company's Common Shares, including the dividend to be declared, does not exceed 75% of the Company's Net Income applicable to Common Shares for the preceding 12 month period, or

(2) the amount of the dividends payable on the Company's Common Shares, including the dividend to be declared, does not exceed 50% of the Company's Net Income applicable to its Common Shares for the preceding 12 month period.

The term "Net Income", as defined in the Articles, means net income determined in accordance with accepted accounting practice after deduction of all dividends payable for the period on all classes of securities having a preference over the Common Shares as to dividends or assets, less all provisions for taxes based upon or measured by net income, annual interest charges, adjusted by provision for amortization of bond discount and expense or premium on indebtedness, and depreciation for the 12 month period as reported in accounts of the Company filed with the CPUC or other public authority having jurisdiction to establish or approve accounts of the Company.

These restrictions were imposed for the benefit of the holders of the Preferred Shares, not the holders of the Company's Common Shares and are more restrictive than restrictions imposed under California law on the declaration and payment of dividends. Under California law, a corporation may pay a dividend unless, as a result, it would likely be unable to meet its liabilities as they mature. In addition, one of two separate tests, either the retained earnings test or the assets/liabilities test, must be satisfied.

Under the retained earnings test, a corporation may pay a dividend if the corporation's retained earnings, determined in accordance with generally accepted accounting principles, equals or exceeds the amount of the proposed dividend. Under the assets/liabilities test, a corporation may pay a dividend if the following two tests are both satisfied:

(1) the sum of the corporation's assets (exclusive of goodwill, capitalized research and development expenses and deferred charges) would be at least equal to 1 1/4 times its liabilities (not including deferred taxes, deferred income and other credits), and

(2) current assets of the corporation would be at least equal to one times current liabilities, unless the corporation's average earnings before interest expense for the preceding two years was less than the average of the corporation's interest expense for such year, in which event the corporation's current assets to

current liabilities must be equal to at least 1 1/4 times.

In addition to being more restrictive than the dividend tests required by California law, the definitions of "Common Equity", "Total Capitalization" and "Net Income" use antiquated terminology, such as capital and surplus, concepts that were deleted from California law in 1977. The definition of "Total Capitalization" excludes a number of types of hybrid securities, such as trust preferred securities and income preferred securities, from the definition of "Total Capitalization", even though these types of securities are commonly found in the capital structure of public utilities and public utility holding companies. The definition of "Net Income" also includes references to reports of the Company's accounts to the CPUC. The Preferred Shares were issued by SCWC and became part of the Company's capital structure upon formation of the Company as a holding company. Unlike SCWC, the Company does not file reports of its accounts with the CPUC. As a result, the references to the CPUC are outdated.

The Company's Board of Directors does not believe that there is any benefit to holders of its Common Shares in retaining restrictions on payment of dividends intended to protect holders of Preferred Shares which have been redeemed that:

- o Are more restrictive than required by California law, and
- o Do not reflect current California law, accounting concepts and the Company's status as a holding company not directly regulated by the CPUC.

The Company therefore recommends that subparagraph (3) of the second paragraph of Article IV of the Articles be amended in its entirety in order to delete certain restrictions on the ability of the Company to pay dividends on the Common Shares as follows:

(3) Subject to the dividend preferences provided for all shares of each other class at the time outstanding and to the restrictions set forth in this Paragraph (3), the Common Shares shall be entitled to receive dividends when and as declared by the Board of Directors out of any funds of this Corporation legally available therefore. After payment of the full preferential amounts hereinabove provided for all shares of each other class outstanding at the time of any liquidation, dissolution or winding up of this Corporation, whether voluntary or involuntary, all then remaining assets of this Corporation available for distribution to its shareholders shall be distributed ratably upon the Common Shares.

The Company's Common Equity is \_\_\_% of Total Capitalization on a consolidated basis at December 31, 2002. As a result, the restrictions on the payment of dividends contained in the Articles do not currently impose any impediments to the Company's ability to declare dividends on the Common Shares, but could do so in the future.

#### PROPOSAL SIX ELIMINATION OF ALL REFERENCES TO STATED VALUE

Each of the Company's Common Shares has a stated value of \$2.50 and its Common Shares have an aggregate stated value of \$75,000,000. Each of the Company's New Preferred Shares has a stated value of \$100 per share and an aggregate stated value of \$15,000,000. All other references to stated value were eliminated from the Articles at the time the Articles were amended to eliminate the rights, preferences and privileges of the Preferred Shares, with the exception of references to stated value in restrictions on the Company's ability to pay dividends on Common Shares described above. The concept of stated value, along with the related concepts of par value and no par value, were also eliminated from California law in 1977. As a result, the remaining references to stated value will no longer serve any function if the restrictions on the Company's ability to pay dividends on Common Shares are eliminated.

The Board of Directors therefore recommends that the first paragraph of Article IV of the Articles be amended in its entirety in order to delete all references to stated value as follows, unless a majority of the outstanding Common Shares does not approve the elimination of certain restrictions on the Company's ability to pay dividends on Common Shares described above:

This Corporation is authorized to issue two classes of stock to be designated, respectively, "New Preferred Shares" and "Common Shares". The total number of shares which this Corporation is authorized to issue is 30,150,000; 150,000 shares are to be New Preferred Shares with no par value, and 30,000,000 shares are to be Common Shares with no par value.

If a majority of the outstanding Common Shares does not approve the elimination of the restrictions on the payment of dividends, then the Board of Directors recommends that the first paragraph of Article IV of the Articles be amended in its entirety to delete all references to stated value of the New Preferred Shares as follows:

This Corporation is authorized to issue two classes of stock to be designated, respectively, "New Preferred Shares" and "Common Shares". The total number of shares which this Corporation is authorized to issue is 30,150,000; 150,000 shares are to be New Preferred Shares with no par value, and 30,000,000 shares are to be Common Shares with no par value with a stated value of \$2.50 per share and an aggregate stated value of \$75,000,000

If a majority of the Company's outstanding Common Shares also approve an increase in the authorized amount of the Company's New Preferred Shares, the total number of shares which this Corporation will be authorized to issue will be 30,450,000, instead of 30,150,000, and the total number of New Preferred Shares which this Corporation will be authorized to issue will be 450,000, instead of 150,000.

As recommended by the Company's Audit and Finance Committee, effective as of May 13, 2002, the Company's Board of Directors dismissed Arthur Andersen LLP ("Andersen") as its independent public accountants and engaged PricewaterhouseCoopers LLP (PwC) to serve as the Company's independent public accountants for 2002.

Andersen's reports on the Company's consolidated financial statements for each of the years ended December 31, 2001 and December 31, 2000 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During the Company's two most recent fiscal years and through the Form 8-K, dated May 13, 2002 there were no disagreements with Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Andersen's satisfaction, would have caused them to make reference to the subject matter in connection with their report on the Company's consolidated financial statements for such years; and there were no reportable events, as listed in Item 304(a)(1)(v) of Regulation S-K.

The Company provided Andersen with a copy of the foregoing and by letter dated May 13, 2002, Andersen stated its agreement with such statements. The Company also gave Andersen an opportunity to comment on the information in this Section, but received no comments from Andersen.

During the Company's two most recent fiscal years and through the date of this Proxy Statement, the Company did not consult PricewaterhouseCoopers LLP with respect to the application or accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on Registrant's consolidated financial statements, or any other matters or reportable events listed in Items 304(a)(2)(i) and (ii) of Regulation S-K.

ATTACHMENT I

AMERICAN STATES WATER COMPANY  
2000 STOCK INCENTIVE PLAN  
(As Proposed to be Amended)

1. THE PLAN

1.1 Purpose

The purpose of this Plan is to promote the success of the Company by providing an additional means through the grant of Awards to attract, motivate, retain and reward key employees, including officers, whether or not directors, of the Company with awards and incentives for high levels of individual performance and improved financial performance of the Company. (iii) to approve the forms of Award Agreements (which need not be identical either as to type of award or among Participants);

Neither the Board nor any Committee, nor any member thereof or person acting at the direction thereof, shall be liable for any act, omission, interpretation, construction or determination made in good faith in connection with this Plan (or any Award made under this Plan), and all such persons shall be entitled to indemnification and reimbursement by the Company in respect of any claim, loss, damage or expense (including, without limitation, attorneys' fees) arising or resulting therefrom to the fullest extent permitted by law and/or under any directors and officers liability insurance coverage that may be in effect from time to time.

(d) Reliance on Experts. In making any determination or in taking or not taking any action under this Plan, the Committee or the Board, as the case may be, may obtain and may rely upon the advice of experts, including professional advisors to the Corporation. No director, officer or agent of the Company shall be liable for any such action or determination taken or made or omitted in good faith.

(e) Delegation. The Committee may delegate ministerial, non-discretionary functions to individuals who are officers or employees of the Company.

### 1.3 Participation

Awards may be granted by the Committee only to those persons that the Committee determines to be Eligible Employees. An Eligible Employee who has been granted an Award may, if otherwise eligible, be granted additional Awards if the Committee shall so determine.

### 1.4 Shares Available for Awards; Share Limits.

(a) Shares Available. Subject to the provisions of Section 4.2, the capital stock that may be delivered under this Plan shall be shares of the Corporation's authorized but unissued Common Stock. The shares may be delivered for any lawful consideration.

(b) Share Limits. The maximum number of shares of Common Stock that may be delivered pursuant to Awards granted to Eligible Employees under this Plan shall not exceed 750,000 shares (the "Share Limit"). The maximum number of shares of Common Stock that may be delivered pursuant to options qualified as Incentive Stock Options granted under this Plan is 187,500 shares. The maximum number of shares subject to those options that are granted during any calendar year to any individual shall be limited to 50,000 and the maximum individual limit on the number of shares in the aggregate subject to all Awards that during any calendar year are granted under this Plan shall be 50,000. Each of the four foregoing numerical limits shall be subject to adjustment as contemplated by this Section 1.4 and Section 4.2.

(c) Share Reservation; Replenishment and Reissue of Unvested Awards. No Award may be granted under this Plan unless, on the date of grant, the sum of (i) the maximum number of shares issuable at any time pursuant to such Award, plus (ii) the number of shares that have previously been issued pursuant to Awards granted under this Plan, other than reacquired shares available for reissue consistent with any applicable legal limitations, plus (iii) the maximum number of shares that may be issued at any time after such date of grant pursuant to Awards that are outstanding on such date, does not exceed the Share Limit. Shares that are subject to or underlie Awards which expire or for any reason are cancelled or terminated, are forfeited, fail to vest, or for any other reason are not paid or delivered under this Plan, as well as reacquired shares, shall again, except to the extent prohibited by law, be available for subsequent Awards under the Plan. Except as limited by law, if an

Award is or may be settled only in cash, such Award need not be counted against any of the limits under this Section 1.4.

#### 1.5 Grant of Awards.

Subject to the express provisions of this Plan, the Committee shall determine the number of shares of Common Stock subject to each Award and the price (if any) to be paid for the shares or the Award. Each Award shall be evidenced by an Award Agreement signed by the Corporation and, if required by the Committee, by the Participant. The Award Agreement shall set forth the material terms and conditions of the Award established by the Committee consistent with the specific provisions of this Plan.

#### 1.6 Award Period.

Each Award and all executory rights or obligations under the related Award Agreement shall expire on such date (if any) as shall be determined by the Committee, but in the case of Options or other rights to acquire Common Stock not later than ten (10) years after the Award Date.

#### 1.7 Limitations on Exercise and Vesting of Awards.

(a) Provisions for Exercise. Unless the Committee otherwise expressly provides, no Award shall be exercisable or shall vest until at least six months after the initial Award Date, and once exercisable an Award shall remain exercisable until the expiration or earlier termination of the Award.

(b) Procedure. Any exercisable Award shall be deemed to be exercised when the Secretary of the Corporation receives written notice of such exercise from the Participant, together with any required payment made in accordance with Section 2.2.

(c) Fractional Shares/Minimum Issue. Fractional share interests shall be disregarded, but may be accumulated. The Committee, however, may determine in the case of Eligible Employees that cash, other securities, or other property will be paid or transferred in lieu of any fractional share interests. No fewer than 100 shares may be purchased on exercise of any Award at one time unless the number purchased is the total number at the time available for purchase under the Award.

#### 1.8 Acceptance of Notes to Finance Exercise.

The Corporation may, with the Committee's approval, accept one or more notes from any Eligible Employee in connection with the exercise or receipt of any outstanding Award; provided that any such note shall be subject to the following terms and conditions:

(a) The principal of the note shall not exceed the amount required to be paid to the Corporation upon the exercise or receipt of one or more Awards under the Plan and the note shall be delivered directly to the Corporation in consideration of such exercise or receipt.

(b) The initial term of the note shall be determined by the Committee; provided that the term of the note, including extensions, shall not exceed a period of five years.

(c) The note shall provide for full recourse to the Participant and shall bear interest at a rate determined by the Committee but not less than the interest rate necessary to avoid the imputation of interest under the Code.

(d) If the employment of the Participant terminates, the unpaid principal balance of the note shall become due and payable on the 10th business day after such termination; provided, however, that if a sale of such shares would cause such Participant to incur liability under Section 16(b) of the Exchange Act, the unpaid

balance shall become due and payable on the 10th business day after the first day on which a sale of such shares could have been made without incurring such liability assuming for these purposes that there are no other transactions (or deemed transactions in securities of this Corporation) by the Participant subsequent to such termination.

(e) If required by the Committee or by applicable law, the note shall be secured by a pledge of any shares or rights financed thereby in compliance with applicable law.

(f) The terms, repayment provisions, and collateral release provisions of the note and the pledge securing the note shall conform with applicable rules and regulations of the Federal Reserve Board as then in effect.

#### 1.9 No Transferability; Limited Exception to Transfer Restrictions.

(a) Limit On Exercise and Transfer. Unless otherwise expressly provided in (or pursuant to) this Section 1.9, by applicable law and by the Award Agreement, as the same may be amended, (i) all Awards are non-transferable and shall not be subject in any manner to sale, transfer, anticipation, alienation, assignment, pledge, encumbrance or charge; Awards shall be exercised only by the Participant; and (ii) amounts payable or shares issuable pursuant to an Award shall be delivered only to (or for the account of) the Participant.

(b) Exceptions. The Committee may permit Awards to be exercised by and paid only to certain persons or entities related to the Participant, including but not limited to members of the Participant's immediate family, or trusts or other entities whose beneficiaries or beneficial owners are members of the Participant's immediate family, pursuant to such conditions and procedures as the Committee may establish. Any permitted transfer shall be subject to the condition that the Committee receive evidence satisfactory to it that the transfer is being made for essentially estate and/or tax planning purposes on a gratuitous or donative basis and without consideration (other than nominal consideration or in exchange for an interest in a qualified transferee). Notwithstanding the foregoing or anything to contrary in Section 1.9(c), ISOs and Restricted Stock Awards shall be subject to any and all additional transfer restrictions under the Code.

(c) Further Exceptions to Limits On Transfer. The exercise and transfer restrictions in Section 1.9(a) shall not apply to:

(i) transfers to the Corporation,

(ii) the designation of a beneficiary to receive benefits in the event of the Participant's death or, if the Participant has died, transfers to or exercise by the Participant's beneficiary, or, in the absence of a validly designated beneficiary, transfers by will or the laws of descent and distribution,

(iii) transfers pursuant to a QDRO order if approved or ratified by the Committee,

(iv) if the Participant has suffered a disability, permitted transfers or exercises on behalf of the Participant by his or her legal representative, or

(v) the authorization by the Committee of "cashless exercise" procedures with third parties who provide financing for the purpose of (or who otherwise facilitate) the exercise of Awards consistent with applicable laws and the express authorization of the Committee.

## 2. OPTIONS.

### 2.1 Grants.

One or more Options may be granted under this Article to any Eligible Employee. Each Option granted shall be designated in the applicable Award Agreement, by the Committee as either an Incentive Stock Option, subject to Section 2.3, or a Non-Qualified Stock Option.

## 2.2 Option Price.

(a) Pricing Limits. The purchase price per share of the Common Stock covered by each Option shall be determined by the Committee at the time of the Award, but shall not be less than 100% (110% in the case of an ISO granted to a Participant described in Section 2.4) of the Fair Market Value of the Common Stock on the date of grant.

(b) Payment Provisions. The purchase price of any shares purchased on exercise of an Option granted under this Article shall be paid in full at the time of each purchase in one or a combination of the following methods: (i) in cash or by electronic funds transfer; (ii) by check payable to the order of the Corporation; (iii) if authorized by the Committee or specified in the applicable Award Agreement, by a promissory note of the Participant consistent with the requirements of Section 1.8; (iv) by notice and third party payment in such manner as may be authorized by the Committee; or (v) by the delivery of shares of Common Stock of the Corporation already owned by the Participant, provided, however, that the Committee may in its absolute discretion limit the Participant's ability to exercise an Award by delivering such shares, and provided further that any shares delivered which were initially acquired upon exercise of a stock option must have been owned by the Participant at least six months as of the date of delivery. Shares of Common Stock used to satisfy the exercise price of an Option shall be valued at their Fair Market Value on the date of exercise.

## 2.3 Limitations on Grant and Terms of Incentive Stock Options.

(a) \$100,000 Limit. To the extent that the aggregate "Fair Market Value" of stock with respect to which incentive stock options first become exercisable by a Participant in any calendar year exceeds \$100,000, taking into account both Common Stock subject to Incentive Stock Options under this Plan and stock subject to incentive stock options under all other plans of the Company, such options shall be treated as Nonqualified Stock Options. For this purpose, the "Fair Market Value" of the stock subject to options shall be determined as of the date the options were awarded. In reducing the number of options treated as incentive stock options to meet the \$100,000 limit, the most recently granted options shall be reduced first. To the extent a reduction of simultaneously granted options is necessary to meet the \$100,000 limit, the Committee may, in the manner and to the extent permitted by law, designate which shares of Common Stock are to be treated as shares acquired pursuant to the exercise of an Incentive Stock Option.

(b) Option Period. Each Option and all rights thereunder shall expire no later than 10 years after the Award Date.

(c) Other Code Limits. Incentive Stock Options may only be granted to Eligible Employees of the Corporation or a Subsidiary that satisfies the other eligibility requirements of the Code. There shall be imposed in any Award Agreement relating to Incentive Stock Options such other terms and conditions as from time to time are required in order that the Option be an "incentive stock option" as that term is defined in Section 422 of the Code.

## 2.4 Limits on 10% Holders.

No Incentive Stock Option may be granted to any person who, at the time the Option is granted, owns (or is deemed to own under Section 424(d) of the Code) shares of outstanding Common Stock possessing more than 10% of the total combined voting power of all classes of stock of the Corporation, unless the exercise price of such Option is at least 110% of the Fair Market Value of the stock subject to the Option and such Option by its terms is not exercisable after the expiration of five years from the date such Option is granted.

## 2.5 Option Repricing/Cancellation and Regrant/Waiver of Restrictions.

Subject to Section 1.4 and Section 4.6 and the specific limitations on Awards contained in this Plan, the Committee from time to time may authorize, generally or in specific cases only, for the benefit of any Eligible Employee any adjustment in the exercise or purchase price, the vesting schedule, the number of shares subject to, the restrictions upon or the term of, an Award granted under this Article by cancellation of an outstanding Award and a subsequent regranting of an Award, by amendment, by substitution of an outstanding Award, by waiver or by other legally valid means. Such amendment or other action may result in, among other changes, an exercise or purchase price which is higher or lower than the exercise or purchase price of the original or prior Award, provide for a greater or lesser number of shares subject to the Award, or provide for a longer or shorter vesting or exercise period; provided, however, that, except for adjustments contemplated by Section 4.2, any such amendment that results in the reduction of the exercise or purchase price below the exercise price or purchase price of the original or prior Award shall be subject to prior shareholder approval.

## 2.6 Effects of Termination of Employment; Termination of Subsidiary Status; Discretionary Provisions.

(a) Options - Resignation or Dismissal. If the Participant's employment by the Company terminates for any reason (the date of such termination being referred to as the "Severance Date") other than Retirement, Total Disability or death, or for Cause (as determined in the discretion of the Committee), the Participant shall have, unless otherwise provided in the Award Agreement and subject to earlier termination pursuant to or as contemplated by Section 1.6 or 4.2, three months after the Severance Date to exercise any Option to the extent it shall have become exercisable on the Severance Date. In the case of a termination for Cause, the Option shall terminate on the Severance Date. In other cases, the Option, to the extent not exercisable on the Severance Date, shall terminate.

(b) Options - Death or Disability. If the Participant's employment by the Company terminates as a result of Total Disability or death, the Participant, Participant's Personal Representative or his or her Beneficiary, as the case may be, shall have, unless otherwise provided in the Award Agreement and subject to earlier termination pursuant to or as contemplated by Section 1.6 or 4.2, until 12 months after the Severance Date to exercise any Option to the extent it shall have become exercisable by the Severance Date. Any Option to the extent not exercisable on the Severance Date shall terminate.

(c) Options - Retirement. If the Participant's employment by the Company terminates as a result of Retirement, the Participant, Participant's Personal Representative or his or her Beneficiary, as the case may be, shall have, unless otherwise provided in the Award Agreement and subject to earlier termination pursuant to or as contemplated by Section 1.6 or 4.2, until 12 months after the Severance Date to exercise any Option to the extent it shall have become exercisable by the Severance Date. The Option, to the extent not exercisable on the Severance Date, shall terminate.

(d) Committee Discretion. Notwithstanding the foregoing provisions of this Section 2.6, in the event of, or in anticipation of, a termination of employment with the Company for any reason, other than discharge for Cause, the Committee may, in its discretion, increase the portion of the Participant's Award available to the Participant, or Participant's Beneficiary or Personal Representative, as the case may be, or, subject to the provisions of Section 1.6, extend the exercisability period upon such terms as the Committee shall determine and expressly set forth in or by amendment to the Award Agreement.

## 3. RESTRICTED STOCK AWARDS.

### 3.1 Grants.

The Committee may, in its discretion, grant one or more Restricted Stock Awards to any Eligible Employee. Each Restricted Stock Award Agreement shall specify the number of shares of Common Stock to be

issued to the Participant, the date of such issuance, the consideration for such shares (but not less than the minimum lawful consideration under applicable state law) by the Participant, the extent (if any) to which and the time (if ever) at which the Participant shall be entitled to dividends, voting and other rights in respect of the shares prior to vesting, and the restrictions (which may be based on performance criteria, passage of time or other factors or any combination thereof) imposed on such shares and the conditions of release or lapse of such restrictions. Such restrictions shall not lapse earlier than six months after the Award Date, except to the extent the Committee may otherwise provide. Stock certificates evidencing shares of Restricted Stock pending the lapse of the restrictions ("Restricted Shares") shall bear a legend making appropriate reference to the restrictions imposed hereunder and shall be held by the Corporation or by a third party designated by the Committee until the restrictions on such shares shall have lapsed and the shares shall have vested in accordance with the provisions of the Award and Section 1.7. Upon issuance of the Restricted Stock Award, the Participant may be required to provide such further assurance and documents as the Committee may require to enforce the restrictions.

### 3.2 Restrictions.

(a) Pre-Vesting Restraints. Except as provided in Section 3.1 and 1.9, restricted shares comprising any Restricted Stock Award may not be sold, assigned, transferred, pledged or otherwise disposed of or encumbered, either voluntarily or involuntarily, until the restrictions on such shares have lapsed and the shares have become vested.

(b) Dividend and Voting Rights. Unless otherwise provided in the applicable Award Agreement, a Participant receiving a Restricted Stock Award shall be entitled to cash dividend and voting rights for all shares issued even though they are not vested, provided that such rights shall terminate immediately as to any Restricted Shares which cease to be eligible for vesting.

(c) Cash Payments. If the Participant shall have paid or received cash (including any dividends) in connection with the Restricted Stock Award, the Award Agreement shall specify whether and to what extent such cash shall be returned (with or without an earnings factor) as to any restricted shares which cease to be eligible for vesting.

### 3.3 Return to the Corporation.

Unless the Committee otherwise expressly provides, Restricted Shares that remain subject to restrictions at the time of termination of employment or are subject to other conditions to vesting that have not been satisfied by the time specified in the applicable Award Agreement shall not vest and shall be returned to the Corporation in such manner and on such terms as the Committee shall therein provide.

## 4. OTHER PROVISIONS

### 4.1 Rights of Eligible Employees, Participants and Beneficiaries.

(a) Employment Status. Status as an Eligible Employee shall not be construed as a commitment that any Award will be made under this Plan to an Eligible Employee or to Eligible Employees generally.

(b) No Employment Contract. Nothing contained in this Plan (or in any other documents under this Plan or in any Award) shall confer upon any Eligible Employee or Participant any right to continue in the employ or other service of the Company, constitute any contract or agreement of employment or other service or affect an employee's status as an employee at will, nor shall interfere in any way with the right of the Company to change a person's compensation or other benefits, or to terminate his or her employment or other service, with or without cause. Nothing in this Section, however, is intended to adversely affect any express independent right of such person under a separate employment or service contract other than an Award Agreement.

(c) Plan Not Funded. Awards payable under this Plan shall be payable in shares or from the general assets of the Corporation, and (except as provided in Section 1.4(c)) no special or separate reserve, fund or deposit shall be made to assure payment of such Awards. No Participant, Beneficiary or other person shall have any right, title or interest in any fund or in any specific asset (including shares of Common Stock, except as expressly otherwise provided) of the Company by reason of any Award hereunder. Neither the provisions of this Plan (or of any related documents), nor the creation or adoption of this Plan, nor any action taken pursuant to the provisions of this Plan shall create, or be construed to create, a trust of any kind or a fiduciary relationship between the Company and any Participant, Beneficiary or other person. To the extent that a Participant, Beneficiary or other person acquires a right to receive payment pursuant to any Award hereunder, such right shall be no greater than the right of any unsecured general creditor of the Company.

#### 4.2 Adjustments; Acceleration.

(a) Adjustments. Upon or in contemplation of any reclassification, recapitalization, stock split (including a stock split in the form of a stock dividend) or reverse stock split; any merger, combination, consolidation, or other reorganization; any spin-off, split-up, or similar extraordinary dividend distribution ("spin-off") in respect of the Common Stock (whether in the form of securities or property); any exchange of Common Stock or other securities of the Corporation, or any similar, unusual or extraordinary corporate transaction in respect of the Common Stock; or a sale of all or substantially all the assets of the Corporation as an entirety ("asset sale"); then the Committee shall, in such manner, to such extent (if any) and at such time as it deems appropriate and equitable in the circumstances:

(1) proportionately adjust any or all of (a) the number and type of shares of Common Stock (or other securities) that thereafter may be made the subject of Awards (including the specific maxima and numbers of shares set forth elsewhere in this Plan), (b) the number, amount and type of shares of Common Stock (or other securities or property) subject to any or all outstanding Awards, (c) the grant, purchase, or exercise price of any or all outstanding Awards, (d) the securities, cash or other property deliverable upon exercise of any outstanding Awards, or (e) (subject to limitations under Section 4.10(c)) the performance standards appropriate to any outstanding Awards, or

(2) make provision for a cash payment or for the assumption, substitution or exchange of any or all outstanding share-based Awards or the cash, securities or property deliverable to the holder of any or all outstanding share-based Awards, based upon the distribution or consideration payable to holders of the Common Stock upon or in respect of such event.

The Committee may adopt such valuation methodologies for outstanding Awards as it deems reasonable in the event of a cash or property settlement and, in the case of Options, but without limitation on other methodologies, may base such settlement solely upon the excess if any of the amount payable upon or in respect of such event over the exercise or strike price of the Award.

In each case, with respect to Awards of Incentive Stock Options, no adjustment shall be made in a manner that would cause the Plan to violate Section 422 or 424(a) of the Code or any successor provisions without the written consent of holders materially adversely affected thereby.

In any of such events, the Committee may take such action prior to such event to the extent that the Committee deems the action necessary to permit the Participant to realize the benefits intended to be conveyed with respect to the underlying shares in the same manner as is or will be available to shareholders generally.

(b) Possible Early Termination of Accelerated Awards. If any Option or other right to acquire Common Stock under this Plan has been fully accelerated as required or permitted by Section 4.2(c) but is not exercised prior to (1) a dissolution of the Company, or (2) an event described in Section 4.2(a) that the Company does not survive, or (3) the consummation of an event described in Section 4.2(a) involving a Change of Control

Event approved by the Board, such Option or right shall terminate, subject to any provision that has been expressly made by the Board or the Committee, through a plan of reorganization or otherwise, for the survival, substitution, assumption, exchange or other settlement of such Option or right.

(c) Acceleration of Awards Upon Change in Control. Unless prior to a Change in Control Event the Committee determines that, upon its occurrence, benefits under any or all Awards shall not be accelerated or determines that only certain or limited benefits under any or all Awards shall be accelerated and the extent to which they shall be accelerated, and/or establishes a different time in respect of such Event for such acceleration, then upon the occurrence of a Change in Control Event:

- (1) each Option shall become immediately exercisable, and
- (2) Restricted Stock shall immediately vest free of restrictions.

Any discretion with respect to these events shall be limited to the extent required by applicable accounting requirements in the case of a transaction intended to be accounted for as a pooling of interests transaction.

The Committee may override the limitations on acceleration in this Section 4.2(c) by express provision in the Award Agreement and may accord any Eligible Employee a right to refuse any acceleration, whether pursuant to the Award Agreement or otherwise, in such circumstances as the Committee may approve. Any acceleration of Awards shall comply with applicable legal requirements and, if necessary to accomplish the purposes of the acceleration or if the circumstances require, may be deemed by the Committee to occur (subject to Section 4.2(d) a limited period of time not greater than 30 days before the event. Without limiting the generality of the foregoing, the Committee may deem an acceleration to occur immediately prior to the applicable event and/or reinstate the original terms of an Award if an event giving rise to an acceleration does not occur.

(d) Possible Rescission of Acceleration. If the vesting of an Award has been accelerated expressly in anticipation of an event or upon shareholder approval of an event and the Committee or the Board later determines that the event will not occur, the Committee may rescind the effect of the acceleration as to any then outstanding and unexercised or otherwise unvested Awards.

(e) Acceleration Upon Termination of Service Following a Change in Control.

(1) Termination After Change in Control. If any Participant's employment is terminated by the Company upon or within one year after a Change in Control Event, and the termination is not the result of death, Total Disability, Retirement or a termination for Cause, then, subject to the other provisions of this Section 4.2 (including without limitation Section 4.2(b) and Section 4.4), all outstanding Options and other Awards held by the Participant shall be deemed fully vested immediately prior to the Severance Date, irrespective of the vesting provisions of the Participant's Award Agreement, unless the Award Agreement specifies a different result in the case of a Change in Control Event.

(2) No Extension Beyond Expiration. Notwithstanding the foregoing, in no event shall an Award be reinstated or extended beyond its final expiration date.

#### 4.3 Effect of Termination of Service on Awards.

(a) General. The Committee shall establish the effect of a termination of employment on the rights and benefits under each Award under this Plan and in so doing may make distinctions based upon the cause of termination.

(b) Events Not Deemed Terminations of Service. Unless Company policy or the Committee otherwise provides, the employment relationship shall not be considered terminated in the case of (i) sick leave, (ii) military leave, or (iii) any other leave of absence authorized by the Company or the Committee; provided that unless reemployment upon the expiration of such leave is guaranteed by contract or law, such leave is for a period of not more than 90 days. In the case of any Eligible Employee on an approved leave of absence, continued vesting of the Award while on leave from the employ of the Company shall be suspended, unless the Committee otherwise provides or applicable law otherwise requires. In no event shall an Award be exercised after the expiration of the term set forth in the Award Agreement.

(c) Effect of Change of Subsidiary Status. For purposes of this Plan and any Award, if an entity ceases to be a Subsidiary a termination of employment shall be deemed to have occurred with respect to each Eligible Employee in respect of the Subsidiary who does not continue as an Eligible Employee in respect of another entity within the Company.

#### 4.4 Compliance with Laws.

This Plan, the granting and vesting of Awards under this Plan, the offer, issuance and delivery of shares of Common Stock, the acceptance of promissory notes and/or the payment of money under this Plan or under Awards are subject to compliance with all applicable federal and state laws, rules and regulations (including but not limited to state and federal securities law and federal margin requirements) and to such approvals by any listing, regulatory or governmental authority as may, in the opinion of counsel for the Company, be necessary or advisable in connection therewith. In addition, any securities delivered under this Plan may be subject to any special restrictions that the Committee may require to preserve a pooling of interests under generally accepted accounting principles. The person acquiring any securities under this Plan will, if requested by the Company, provide such assurances and representations to the Company as the Committee may deem necessary or desirable to assure compliance with all applicable legal and accounting requirements.

#### 4.5 Tax Matters.

(a) Provision for Tax Withholding or Offset. Upon any exercise, vesting, or payment of any Award or upon the disposition of shares of Common Stock acquired pursuant to the exercise of an Incentive Stock Option prior to satisfaction of the holding period requirements of Section 422 of the Code, the Company shall have the right at its option to (i) require the Participant (or Personal Representative or Beneficiary, as the case may be) to pay or provide for payment of the minimum amount of any taxes which the Company may be required to withhold with respect to such Award event or payment or (ii) deduct from any amount payable in cash the minimum amount of any taxes which the Company may be required to withhold with respect to such cash payment. In any case where a tax is required to be withheld in connection with the delivery of shares of Common Stock under this Plan, the Committee may in its sole discretion (subject to Section 4.4) grant (either at the time of the Award or thereafter) to the Participant the right to elect, pursuant to such rules and subject to such conditions as the Committee may establish, to have the Corporation reduce the number of shares to be delivered by (or otherwise reacquire) the appropriate number of shares valued at their Fair Market Value, to satisfy such minimum withholding obligation, determined in each case as of the trading day next preceding the applicable date of exercise, vesting or payment. Shares in no event shall be withheld in excess of the minimum number required for tax withholding under these provisions.

#### 4.6 Plan Amendment, Termination and Suspension.

(a) Board Authorization. The Board may, at any time, terminate or, from time to time, amend, modify or suspend this Plan, in whole or in part. No Awards may be granted during any suspension of this Plan or after termination of this Plan, but the Committee shall retain jurisdiction as to Awards then outstanding in accordance with the terms of this Plan.

(b) Shareholder Approval. To the extent then required under Sections 162, 422 or 424 of the Code or any other applicable law, or by the provisions of Section 2.5 of the Plan, or deemed necessary or advisable by the Board, any amendment to this Plan shall be subject to shareholder approval.

(c) Amendments to Awards. Without limiting any other express authority of the Committee under (but subject to) the express limits of this Plan, the Committee by agreement or resolution may waive conditions of or limitations on Awards to Participants that the Committee in the prior exercise of its discretion has imposed, without the consent of a Participant, and (subject to the requirements of Section 1.2(b)) may make other changes to the terms and conditions of Awards that do not affect in any manner materially adverse to the Participant, the Participant's rights and benefits under an Award.

(d) Limitations on Amendments to Plan and Awards. No amendment, suspension or termination of this Plan or change of or affecting any outstanding Award shall, without written consent of the Participant, affect in any manner materially adverse to the Participant any rights or benefits of the Participant or obligations of the Company under any Award granted under this Plan prior to the effective date of such change. Changes contemplated by Section 4.2 shall not be deemed to constitute changes or amendments for purposes of this Section 4.6.

#### 4.7 Privileges of Stock Ownership.

Except as otherwise expressly authorized by the Committee or this Plan, a Participant shall not be entitled to any privilege of stock ownership as to any shares of Common Stock not actually delivered to and held of record by the Participant. No adjustment will be made for dividends or other rights as a shareholder for which a record date is prior to such date of delivery.

#### 4.8 Effective Date of the Plan.

Unless otherwise expressly provided in this Plan or in an applicable Award Agreement, any Award granted prior to the termination date may extend beyond such date, and all authority of the Committee with respect to Awards hereunder, including the authority to amend an Award, shall continue during any suspension of this Plan and in respect of Awards outstanding on the termination date.

#### 4.10 Governing Law/Construction/Severability.

(a) Choice of Law. This Plan, the Awards, all documents evidencing Awards and all other related documents shall be governed by, and construed in accordance with the laws of the State of California.

(b) Severability. If a court of competent jurisdiction holds any provision invalid and unenforceable, the remaining provisions of this Plan shall continue in effect.

#### (c) Plan Construction.

(1) Rule 16b-3. It is the intent of the Corporation that the Awards and transactions permitted by Awards be interpreted in a manner that, in the case of Participants who are or may be subject to Section 16 of the Exchange Act, satisfies the applicable requirements for exemptions under Rule 16b-3. The exemption will not be available if the authorization of actions by any Committee of the Board with respect to such Awards does not satisfy the applicable

conditions of Rule 16b-3. Notwithstanding the foregoing, the Corporation shall have no liability to any Participant for Section 16 consequences of Awards or events under Awards.

(2) Section 162(m). It is the further intent of the Company that (to the extent the Company or Awards under this Plan may be or become subject to limitations on deductibility under Section 162(m) of the Code), Options granted with an exercise or base price not less than Fair Market Value on the date of grant will qualify as performance-based compensation or otherwise be exempt from deductibility limitations under Section 162(m) of the Code, to the extent that the authorization of the Award (or the payment thereof, as the case may be) satisfies any applicable administrative requirements thereof.

#### 4.13 Non-Exclusivity of Plan.

Nothing in this Plan shall limit or be deemed to limit the authority of the Board or the Committee to grant awards or authorize any other compensation, with or without reference to the Common Stock, under any other plan or authority.

The existence of the Plan, the Award Agreements and the Awards granted hereunder shall not limit, affect or restrict in any way the right or power of the Board or the shareholders of the Corporation to make or authorize: (a) any adjustment, recapitalization, reorganization or other change in the Corporation's or any Subsidiary's capital structure or its business, (b) any merger, amalgamation, consolidation or change in the ownership of the Corporation or any subsidiary, (c) any issue of bonds, debentures, capital, preferred or prior preference stock ahead of or affecting the Corporation's or any Subsidiary's capital stock or the rights thereof, (d) any dissolution or liquidation of the Corporation or any Subsidiary, (e) any sale or transfer of all or any part of the Corporation or any Subsidiary's assets or business, or (f) any other corporate act or proceeding by the Corporation or any Subsidiary.
