

American States Water Company Announces 9% Increase in Quarterly Dividend

July 29, 2021

- Quarterly dividend has also grown at a CAGR of 9% over the last five years

SAN DIMAS, Calif.--(BUSINESS WIRE)--Jul. 29, 2021-- On July 27, 2021, the Board of Directors of American States Water Company (NYSE:AWR) approved an increase in the company's third quarter cash dividend from \$0.335 per share to \$0.365 per share on the common shares of the company. The annualized dividend rate after this increase is \$1.46 per share, which represents a 9% increase from the current annualized dividend rate of \$1.34 per share. This action marks the 341st consecutive dividend payment by the company. American States Water Company has paid dividends every year since 1931, increasing the dividends received by shareholders each calendar year for 67 consecutive years, which places it in an exclusive group of companies on the New York Stock Exchange that have achieved that result. The company's current policy is to achieve a compound annual growth rate in the dividend of more than 7% over the long-term. The company has achieved a nearly 10% compound annual growth rate in its calendar year dividend payments from 2011 – 2021.

"This sizable dividend increase confirms the Board's commitment to long-term, sustainable earnings growth, as well as extending the company's long-term track record of returning cash to shareholders," said Robert J. Sprowls, President and CEO of American States Water Company. "Achieving strong and consistent financial results along with providing a growing dividend allows the company to continue to attract capital to make necessary investments in the utility infrastructure for the communities and military bases that we serve, and return value to our shareholders."

Dividends on the common shares will be payable on September 1, 2021 to shareholders of record at the close of business on August 16, 2021.

Forward-Looking Statements

Certain matters discussed in this news release with regard to the company's expectations may be forward-looking statements that involve risks and uncertainties. The assumptions and risk factors that could cause actual results to differ materially include those described in the company's most recent Form 10-Q and Form 10-K filed with the Securities and Exchange Commission.
